A Message from the Executive Director

CarlLa Horton

On behalf of Hope's Door and those we serve, I would like to welcome you to our "Broadway Matinee Day" Annual Luncheon. During Domestic Violence Awareness Month, we hope to shine a light on domestic violence that touches one in five women in America, even here in Westchester County.

If you were here last year, please know that your support helped us empower 722 victims to achieve safety, independence and healing from the trauma of abuse. Those survivors of abuse ranged in age from infancy to 77 years old.

Moreover, the adult victims we served had a combined total of 924 children. These children often went to bed after seeing things no child should ever have to see, or woke in the middle of the night to sounds no children should ever have to hear. The abuse in their homes severely impacted these children. As one young boy told us, "I stay awake as long as I can in case my mommy needs me." As one young girl told us, "I don't want to go to school – I need to stay home to protect my mommy."

Yet, with the support of people like you, we are making strides. In the last year, we opened Hope's Door Ossining and increased the number of survivors served in that community by 66%. Very importantly last year, our Love Shouldn't Hurt program empowered 7,786 teens with potentially life-saving information about abuse and how to help themselves or a friend confronting the issue.

We are determined to end family violence and to break the intergenerational cycle of abuse, but we can't do it alone. Every one of you here today is a vital partner in that mission, and we could not be more grateful for all you have done or will do to make Hope's Door a refuge for those wounded by abuse.
