Supervising Attorney

Rediscover Why You Became a Lawyer

If you've spent years in a high-pressure litigation environment—stacked calendars, billable-hour strain, demanding clients, and very little emotional reward—you may be questioning why the work no longer feels meaningful.

At **Hope's Door Legal Center**, the work matters every single day.

Here, your skill doesn't disappear into a corporate void.
 Your advocacy changes the trajectory of someone's life—often at the moment they need it most.

If you are a seasoned litigator—sharp instincts, commanding presence, steady judgment—and you're ready for a mission-driven environment where your experience is valued and your leadership shapes the next generation of attorneys, this role may be the chapter your career has been waiting for.

The Role: Supervise, Mentor, and Make Your Work Matter

- Represent a manageable caseload of clients in Westchester County courts.
- Work collaboratively with the Chief of Legal Services to build and strengthen programs, improve internal systems, and expand services.
- Engage with community partners to enhance coordinated responses to intimate partner violence.

Who You Are

- A New York-licensed attorney in good standing.
- A seasoned professional with 6-8 years of litigation or family law experience, ideally involving trauma-exposed populations.
- A natural mentor with patience, presence, and strong leadership instincts.
- Someone who thrives in a mission-driven environment and believes in the power of trauma-informed practice.
- Spanish fluency is a plus, not a requirement.
